

The Fate of Some Quotes... & Odors

On Patrolperson's Matty Early's
first night she's asked

*Is it still the same old glory,
the fight for love and story?*

"He had it bass-ackwards!"
she tells Shift Partner,
Jippy Erst after they book
the pie-eyed questioner.

"At any rate, it obviously
reeks of piss," shrugs he.

"It's bad enough to ever smell
it just a little off yourself!"

"Could ruin a lot of things,"
he nodded.
